NEW BANDS are whats sprouting up at the moment with a new Welsh band called 'Aryan Assault', A Great Yarmouth outfit called 'Conquest' who are busily rehearsing, 'Close Combat' from Oxford and 'Section 88' as mentioned in the last issue was mistakingly thought to have been a new Essex band but are actually Kent based, they're on the look out for a drummer, also on the look out for a new drummer are a new set up in Scotland so if you live in either area, contact them both at BM BOX 46, London, WC1N 3XX who will put you in contact and start the ball rolling. They also have plans in the pipeline with Swedish label 'Motstand' to record a 'Best of' type recording in a top notch studio, with tracks from the first 3 CDs and also new stuff.

Celtic Warrior have been just as busy with them playing gigs in Avon, Gwent and Berlin and await the release of there debut CD 'We will never forget' on German label Di-Al, which if you read last issue was reviewed as a scorcher, they also have a great selection of merchandise available, song book etc. For a catologue send a SAE to PO BOX 214, Cardiff, South Glamorgan.

BRITISH OI!

Razors Edge have recently played gigs in Walsall along side Celtic Warrior and a gig near Bordeaux along with Viking of France, Offensive - France and ADL.122 from Italy. Apparently the gig was great, brilliantly organised and no Police/Violence etc, skins from all over Europe attended from Portugal, Spain, Sweden, Britain etc. They have also gigged in Berlin. The Brummies will be recording two tracks soon to put towards a forthcoming 'World' compilation CD being drafted together by Germans Di-Al. They still have stocks of CDs available for £12 inc P&P from PO BOX 3324, West Bromwich, B70 7NP.

Blood & Honour Comp. Vol.1 is a great new CD out on I.S.D. Records which contains twenty tracks with bands like Squadron, Razors Edge, Brutal Attack, Skullhead, tracks off Skrewdrivers 'Hail Victory', People Haters (USA) and The Overlords a old band. See review for more details, it can be bought through Groove Records £12.50 at 14 Cheddar Close, Woolston, Southampton or through Squadron Services same price, BM BOX 46, London, WC1N 3XX.

ISDs not too distant plans are to release the long awaited lost 'Skullhead' CD 'Victory or Valhalla' and a Skrewdriver Live CD at the famous 'Waterloo' gig which is well worth hearing.

To finish off this British report there are a couple of announcements. Firstly '**Congratulations**' to Bridlington Skinhead Gary P. and Girlfriend on the birth of a baby daughter, born on 28th August named Britannia Victoria, may your sleepless nights be many, Good Luck.

WANTED by a Derby Nationalist is Skrewdrivers Poster with Ian standing in front of the security 'White Power' poster, so if you've got one and want to sell it, write with details to S'driver Poster wanted, PO BOX 249, Derby, DE21 9EG.

Denmark has a great new outlet for videos in the form of NS '88' videos, who do all the different varieties of video to suit any country, VHS Britain, etc etc. They have a fully comprehensive list which includes - Storkraft, Skrewdriver, Bound For Glory, Celtic Warrior, Squadron etc etc and political rallies, such as KKK Fests etc. For a full list write to NS 88, Poste Restante, 3400 Hillerod, Denmark, new videos being filmed and released constantly.

South Africa for all your AWB memorabilia - Pendants, Patches etc or just for the latest AWB bulletins write to: Mrs M Terre Blanche, PO BOX 274, Ventersdorp, 2710, South Africa.

The AWBs newspaper 'Sweepslag' is a great read, most articles are in both Boer Afrikaans & English and the photos of the all the marches, freedom of towns etc are stunning, Support the AWB. They are really fighting at the sharp end, so any donations etc for receiving newsletters are greatly received by them.

ITALY have been busy lately, it seems our point of them eating too much Pizza has prompted some of Italies finest to get in touch and tell us whats going on.

Peggior Amico have just released there new CD entitled 'Sulla Pelle Dei Ribelli' into English means 'Ready for Battle' and is a smashing CD, really powerful stuff and although its in Italian they have provided at the back of the lyric booklet a english guide to all the songs which is great.

This is on Tuono Records, CP Succ 6, 36100 Vicenza, Italy for £12 inc P&P. Also out on Tuono is the new nationalist band 'ADL 122' single which is also very good. Future plans for Tuono include a Nomina Dresda single and Londinium SPQR single, the latter being Italians living in London.

Another band making a name for themselves in Italy is Corona Ferrea which in the next issue we will hopefully bring you more of.

However Tuono seem to be the main organisation in Italy and are actually a part of the Veneto Front Skins organisation, represented of course by P.Amico. Tuono also carry an extensive catalogue of skinhead records from Oi to Skrewdriver. Check them out.

Tuono records has also organised a memorial gig for Ian Stuart that took place on 17th Sept with disco and ADL 122 and Gesta Bellica. As of yet we have no report of how it went.

SWEDEN well quiet for the time being except that Issue 3-4 of Blod & Ara, Swedens Blood & Honour is out and wow, what an issue, complete with some amazing marching photos of VAM I think. Address elsewhere. Also in the forthcoming months a major new project shall be sprouting up, based in Sweden. More on that as we get it. Sweden has also staged a Ian Stuart memorial gig with Swastika headlining. By the way, the Blod & Ara if in english, would probably blow away any other competition from any other mag, its truely a radical NS read.

GERMANY well has been quiet or at least for the British Oi reporters based out there. Friendship Records have released Part 2 of 'German British Friendship' which has 7 tracks and is brilliant. See reviews. This can be bought for £12 inc P&P from RID PO BOX 249, Derby, DE21 9EG, GB. It includes Stigger, Ken McLellan, Jimmy of Squadron and Germans Noie Werte.

A well organised gig also went ahead in Berlin on 17 Sept with 4 bands playing that included 'Noie Werte, Radikahl, Razors Edge with Martin Cross on Bass, and Celtic Warrior.'

This is it for this issues 'Right Handed News' but next issue we'll be back with a whole lot more including a indepth scene report on the USA bands if it works out OK. Anything you'd like to include, then help British Oi out and send it in.

2 Hours on a plane and you're in the land of the vikin, "Hearts of Fire, Land of Ice" ringing in my head. Such a beautiful place, the air is really fresh, and more importantly, there are loads of skinheads - Great.

The concert itself was held in the centre of Stockholm, with all the audience assembling at the local 'Skinhead Barracks', which is a club/bar supplied by the government for Swedish Skins. I know you're thinking, it's a joke but seriously it's the truth.

A really nice venue, big stage, another enormous P.A. system and a good crowd of over 400 comrades.

The clock struck 7.30pm and a young Swedish band "Asa" hit the stage, good Oi sound with good vocals, they rocked the crowd for about 40 minutes, all the songs in Swedish but they were good and really tight.

About 8.30pm, Swedish heroes 'Swastika' took to the stage, an impressive bunch this lot, they've played very regularly this year and their commitment and dedication is obvious. Song after song thundered from the speakers, and then they burst into Skrewdrivers 'Streetfight', great version, they also covered 'After the Fire' which was great too, I understand they are recording an album soon, which should be great.

Swastika played for about an hour and then 'Squadron' hit the stage. After 10 minutes of the usual feedback, Jim got his guitar sound right and they flew into 'Take the Sword' which was well received - "Come on Sweden....Hail the New Dawn", the whole crowd pogoed to this Skrewdriver classic and they continued to dance through 'Burn the books', 'Master Breed', 'White Law', 'R.I.P.', 'No Red Flags' and newer songs like 'Mr. Media' and 'Der Sieg Wird Unser Sein' which were also well received.

Disaster struck when Jim broke a guitar string during 'Behind a White Mask' but Swastika were on hand to lend Squadron a guitar. A very new song followed called 'Just like Sheep' which is a track about how the immigrants are basically cannon fodder to the Zionist scum and their commie partners, a real rocker that one, the crowd loved it. 'Voice of Britain' kept the crowd dancing and then the end of the gig came Ian Sturges' memorial track from the lads 'A final Salute' which slowed the crowd down to a sea of raised hands in tribute to Ian, remembering the good times he gave us.

Rocking For Race And Nation

Squadron played for about an hour and a half, and the atmosphere in the gig was great. The police had turned up outside but basically to observe everyone as they left, so once again, a great gig, no trouble at all, very, very well organised with about 25 security, all clearly identified by their t-shirts - Nice one.

Sweden actually has 10 night clubs that just play Heavy Metal, infact they have a radio station that just plays heavy metal, lucky bastards.

I saw the bands and a gang of other Swedes along with Rusty of The Bully Boys - USA, and Nick of Div.5 head off to a club where apparently they didn't emerge until 5am the next day.

A great time was had by all and Squadron would like to add, a big thank you to everyone concerned with organising the concert.

Hail Sweden - Keep on Rockin.

PS. The skinhead at the beginning of this article is Jimmy, drummer for Swedens Swastika.

SQUADRON - A FINAL SALUTE.

A man once told me, there was no justice in this world today,
And that freedom was corrupted, and there was a price to be paid,
And as I listened, he spoke, and I learned from what he said,
And I still recall the pain, when you told me he was dead,

The loss of any brother is a bitter pill to take,
But to stand in silence and hide your views, is a bigger mistake,
You always told me to be proud, of the things that we believe,
always stand up and be counted, don't live life on your knees.

Chorus.

You were the Warlord, the spearhead of our cause,
You were the White Rider, who rode with, the Gods of War,
You were the Patriot, the fire burned deep in your eyes,
We'll carry on your songs 'till the day that we die.

Now you are with us forever as your spirit still lives on,
Just like all our other heroes, that we've ben parted from,
I know you're in Valhalla and you watch our nations pain,
You can see the struggle continues, you didn't die in vain.

Chorus.

Ian Stuart, You were taken away,
But they'll never silence what you had to say,
24th-9th-93, engraved in my mind,
We'll carry on the songs till the day that we die.

Freikorps

The following article is written by Kai the Freikorps vocalist, who are a great band from Germany :

Freikorps formed in 1988, the reason being there were alot of NS skinheads in our area, Lubeck, but no band.

After some local gigs in our region we started to gain support from fellow skins and have created a good loyal support from hardcore N.S skins. We went into the studio and recorded our first demo tape 'Rock Geggen Links' which we sent of to Rock O Rama records to see if we could get a deal. Herbert of R-O-R promptly phoned us straight away, he liked our music and gave us permission to enter the studios again to do our debut CD. We recorded it at the legendary Hawkeye Studios where bands like Storkraft, Werewolf, and Endstufe have recorded music. Our debut CD 'Land Meiner Vater' came out in 1992, late due to Herbert delay the release all the time.

After this we received letters from all around the world, stating they liked our style and music, as a band we were surprised, as we never thought our first CD would be a success. So this inspired us to write new, more powerful better songs for our second CD and at the beginning of 1993 we entered the studios again and recorded 'Immer Rewig', this eventually was released at the end of '93 in December and has already sold well over 10,000 copies, which we beleive is good for a German NS skinhead band.

Our best gig so far with our band has to be the one in February '94 in Bremen with Endstufe and The Boots Brothers, as there were over 1000 Skinheads there and after our first song almost all of the crowd sang along to every song with us.

Currently our third CD 'Wie Die Wikinger' is in the works and also a solo CD of mine, which has a guest appearance by Ken of Brutal Attack who sings one track on it, this will be out in late October on Excalibur Records (Postfach 100672, 44706 Bochum, Germany).

Freikorps have and always will be a White Power Skinhead Rock band, we will never sell out, Cheers for reading this,

Kai - Freikorps.

Cheers to Kai for the interesting article about the band and the best of luck in the future, to contact Freikorps about merchandise etc write to : Postfach 1138, 23854 Reinfeld, Germany, they have a great t-shirt for £8. inc P&P out now, with the celtic design as shown above.

Nordic Thunder

Well Nordic Thunder have now become one of the freshest new acts to come out of the USA after the release of their debut CD 'Born To Hate' was released on US label Resistance and so British Oi sent them along a interview to find out more.....

Interview answered by Ryan.....

1. When, why and where did you form?

Nordic Thunder formed in '92 with my brother Bob, a bassist called Eric and myself. Since then we've had many changes, our current line up is : Joe-Vocals

Bob-Guitar, Craig-Guitar, Mike-Bass and Myself (Ryan) on Drums.

2. What cities do you originate from and is there a large National Socialist presence there ?

We're all from the Tri-State area (Delaware, New Jersey, Pennsylvania) where the scene is pretty big, there are other bands in the area such as Aggravated Assault & The Voice and we usually get together on the weekends.

3. About your CD 'Born To Hate', are you happy with it ?

I think our CD turned out pretty good, Resistance has done an excellant job on all of their CDs, very high quality etc. The best tracks I think are 'Never Backdown, My Honour My Pride, and Back to Valhalla', and as far as we know its selling well.

4. You've also released a self financed single 'A change of scenary' what future plans have you ?

After recording our CD we recorded a track for the 'Hammerskin Nation' single and released our own 4 track single as mentioned, this has been received by our people really well, as of yet our future plans are either a new "7" on CD, we're not sure.

5. What gigs would you say have been your best/worst ?

We've played a number of different gigs over the years and the best I think was with Brutal Attack in the summer of '93, I can't think of any we didn't like, we have fun either way. We've just done a gig with BFG in Georgia and at present have no more planned.

6. In the U.S, what was the general feeling when Ian Stuart died?

Ians death was a great shock to all of us. Hes influenced everyone in the NS music and will forever. He will be remembered as a great man and musician. His spirit lives on in all of us.

7. Which U.S political Parties/Groups do you support ?

There are alot of good things happening and groups worthy of support, ones worth looking into in the states are : NS Vanguard, Confederate Knights of America, Combat 18 and C.O.T.Creator.

8. In Britain we still aren't sure what being a member of a Hammer-Skin unit is all about, tell us ?

Hammerskins are basically a brotherhood of Skins dedicated to the N.S cause, we are groups who support events such as gigs, rallies etc, our group is one of many and we are a tight network.

9. Which bands on todays scene to you find the best/worst ?

Some of my favourite bands today are - British Standard, Skullhead, Aggravated Assault, Das Reich, Freikorps (Germany) and Action Dissidente from France. The only ones I hate are the ones who haven't got the guts to sing what they feel and refuse to speak there minds. In some countries you legally have to be a bit tactfull but in the USA you have no reason not to say what you feel.

10. Do you plan another CD on Resistance ?

We would like to do another CD soon but no plans as of yet. It could be called 'As the tension grows' but we're not sure.

11. Will the new material be in the same style as Born to Hate ?

Yes it will be in the same vein, although I think we've grown better musically, some songs a little faster, our next CD will blow the old one away.

12. What future plans have you then ?

Mainly to play more gigs and do a new CD.

13. Any closing comments ?

Cheers to all the British NS Skins, write to us. Remember Ian Stuart and never give in, Wipe out ZOG, cheers to British Oi.

Cheers to Ryan and Nordic Thunder for the interview and good luck. For more info of merchandise etc write to N.T PO Box 9441, Newark, DE 19714-9441, USA. They have several t-shirts and you can buy the singles and CD also from them.

For alist of t-shirts, records etc write to Celtic Warrior with a SAE to PO BOX 214, Cardiff, CF1 7UX 'New CD out anyday'

GERMAN BRITISH FRIENDSHIP Vol.2 'Songs of Hope'.

Great to see a follow up to the previously successful mini CD on Skull Records. This is great. 7 tracks, 4 in English, 3 in German. The people involved in this project are Stigger, Ken of B.Attack, Jimmy of Squadron and of course Noie Werte. Tracks include 'Stalingrad, Der Morgige Tag ist mein, a remix of German British Friendship' and the best of all a beautiful song sung by Ken called 'Tell england that I love her'. Roll on No.3. 10/10. Available for £12 from R.I.D PO BOX 249, Derby, DE21 9EG.

BOUND FOR ATTACK - 'Bound for Glory & Brutal Attack' - White Terror Records'.

The long awaited CD from these two well known bands, and what a wait. Only 7 tracks but each is a masterpiece. Tracks include 'Bound for attack' 'Calling Out' 'The Fear' a comical remake of 'Bad moon Rising' entitled 'Race war Rising' and the best track on it 'All Hail' which incidentally includes Ed the BFG guitarist singing in German. Heavy stuff. 9/10. Available for \$24 from White Terror, PO BOX 212, South St.Paul, MN 55075, USA.

BLOOD & HONOUR - Comp.Vol.1. ISD Records.

The first of many compilations planned by ISD and this is well worth getting. 20 tracks all in all from bands such as Skrewdriver, B.Attack, Squadron and more. Tracks to watch out for on it are 'Old Albion' 'Final Salute' 'Against All odds' 'Push On' and lots more. People moan about short CDs, well this is over 70 minutes of music and still only £12 from Squadron Services BM BOX 46. London, WC1N 3XX. Watch out for Volume 2. 10/10

'Thunder in the North'. Comp. tape. White Terror.

A compilation by White Terror composing all of Canadian Hammerskin bands and to me was my first introduction to all of the bands on it except Torontos 'Odins Law'. Features 6 bands namely 'White Riot, Excessive Force, Involved Patriots, Odins Law, Negative Response and Ragnarok'. All show great potential and are quite thrashy based bands. One track on it is a must to hear, called 'In Blood, In Faith' by Ragnarok which is a gem. \$14 from the White Terror address above. 8/10

PEGGIOR AMICO - 'Sulla Pelle Dei Ribelli' - Tuono Records.

A great debut release for Tuono Records from the mighty Peggior Amico and what a CD. The language barrier is a problem but the sheer ferociousness is great. Really tight music, obviously well rehearsed. Tracks include 'Peggior Amico, Stato Di Polizia, Osa, Pronti Per la battaglia' and more, best track for me 'Giornalisti Terroristi'. 9/10.

Strong, strong feelings, makes you what you are,
